COTTONRIDGE

2027 BROCHURE

Our story

Our goal is to earn a long-term place as your go-to brand through genuine quality, sensible pricing, and attentive service.

Although I don't have day to day contact with customers (our fantastic account managers handle that far better than I ever could) I am very keen to hear from you if there is anything you think I should know, any feedback, suggestions, or ideas for how we can improve, I'd genuinely love to know. You can contact me directly through our 'Ask the MD' feature on the website. I personally read every communication, and you will always receive a reply direct from myself. Although I am not the person you will be dealing with on a day-to-day basis I am always there in the background and I am always available if you need to speak to me.

When I started the Cottonridge brand in 2007 (the same year AWD launched their Just Hoods College hoodie) I had a very small screenprint company and very little money, but I thought I could offer a better hoodie to my customers than the mundane offering from the brands through the multi-brand distributors, so I used literally all the money I had in the bank to buy a 20' container of navy and black hoodies with the intention of supplying them to my screenprint customers.

The product that arrived was so superior to the offerings available from other brands that I decided to try to sell them to other printshops as well as supply my screenprint customers. This was the defining moment when Cottonridge was born. Other printshops could also see the superior quality at a lower price and sales took off, so much so, that distributing hoodies became my sole focus and I handed the screen print operation to my son who had just left university and put all my efforts into building the Cottonridge brand starting with my one style in two colours.

Unfortunately, I didn't have access to family or corporate funds like the big brands which is why it has taken a nearly 20-year journey to get to where we are now with 26 styles (and growing) in over 90 colours supplied from our 60,000sq ft warehouse in Stafford.

I would like to invite you to join the Cottonridge family, and I truly hope that we can develop a long lasting, mutually beneficial relationship in the years to come.

Proud Founder and Managing Director.

Why choose us

Quality you can feel, and the range and service to back it up.

The best fabrics

Soft to the touch from the first wear, substantial in the hand, and chosen to hold their shape wash after wash.

Made by us

We design and make our own garments, so quality is controlled from the yarn to the finished piece.

An extensive range

Hoodies, sweatshirts, quarter zips, T shirts, polo shirts, workwear, joggers and jackets, so one supplier can cover the whole job.

Colours and stock

A wide choice of colours, with stock behind them, so you can find the colour you want and get it when you need it.

Customer service

A team that looks after you from first enquiry to delivery, and cares how your order turns out.

Details people notice

Thumbholes, phone pockets, zipped pockets, contrast trims and changeable cords, built into styles across the range, with YKK zips where they count.

Our ranges

A straightforward step up story, designed for how decorators sell. Base gives you a strong, reliable core garment, then Better and Best give you clear upgrades when the job, margin, or customer expectation demands more.

Base

Designed to compete directly with entry-level 280gsm hoodies and sweats where price is paramount. Our Base range still outperforms standard market offerings thanks to superior yarn quality and softness.

Better

More substance and a more premium feel, without making everyday jobs hard to price. 310gsm and providing a USP for you to offer customers. The upgrade is noticeable, which makes it easy to sell.

Best

The ultimate in quality. Inspired by premium retail and designer brands people aspire too, our best range is designed to deliver true retail-grade finish, feel and durability at a great price point. Simply the best you can get.

Across the wider collection

Beyond hoodies, garments sit within Base, Better or Best based on construction and finish, so the step up story stays clear even when gsm is not the deciding factor.
